## Report to the Legislature Assembly Bill X1 1, Chapter 4, Statutes of 2001 Activities and Expenditures for Quarter Ended September 30, 2011

Assembly Bill X1 1 (Chapter 4, Statutes of 2001), among other things, established Section 27 of the California Water Code, authorized the Department of Water Resources (DWR) to enter into long-term contracts with power generators, created the Power Supply Revenue Bond program, and required DWR to make quarterly and annual reports to the Governor and the Legislature regarding California Energy Resources Scheduling Division's (CERS) activities.

CERS purchases power under the terms of its existing contracts, all of which were entered into prior to January 1, 2003. The scheduling, dispatch and certain other administrative functions for the existing contracts are managed by the investor owned utilities. CERS continues to have financial and legal responsibility for its contract portfolio and oversees repayment of the outstanding revenue bonds.

As required by Assembly Bill X1 1, this report provides historical information with respect to cash receipts, disbursements, bonds outstanding, and cash balances for the quarter ending September 30, 2011. There are no unexpected trends, and cash balances at the end of this quarter met or exceeded amounts required by the Trust Indenture for the Power Supply Revenue Bonds. The report also compares CERS' 2011/2012 fiscal year appropriated costs to budget for the quarter ending September 30, 2012, and demonstrates that CERS' expenditures are within budget.

## Activities and Expenditures Report Preface

Pursuant to the reporting requirement in Section 80250 of the California Water Code, the following information reflects energy acquisition activities and expenditures incurred by the California Energy Resources Scheduling Division (CERS) of the Department of Water Resources (DWR) for the quarter ended September 30, 2011. Included are all costs related to energy acquisition and administration.

CERS purchases power under the terms of its existing contracts, all of which were entered into prior to January 1, 2003. The scheduling, dispatch and certain other administrative functions for the existing contracts are managed by the investor owned utilities. CERS continues to have financial and legal responsibility for its contract portfolio and will oversee repayment of the revenue bonds.

The audited financial statements for the years ended June 30, 2011 and 2010, and the un-audited financial statements for the quarter ended September 30, 2011, prepared in accordance with generally accepted accounting principles, can be referenced at the following link: <a href="http://www.cers.water.ca.gov/financial\_bonds.cfm">http://www.cers.water.ca.gov/financial\_bonds.cfm</a>
